The design of the project incorporates elements of Andalusia, with an emphasis on the history of the region. This translates to the "Modern Design Villa". A large entrance door and a path leading to a magnificent Arabic main gate, and a double height entrance hall. The project will include large rooms and dining rooms. In addition to 7 rooms, 8 bathrooms, 3 toilets, divided into three floors, includes an accommodation for independent guests located at the level of the garden / basement. The project will provide total traffic privacy and potential noisy neighbors as it is located in a cul-de-sac, bordering the hole in the Tramores golf course.
