Printing day : 27th July 2024

Overview: A complex of only 10 townhouses within walking distance of the centre of Benahavís village. This development is located in one of the quietest places of Benahavís, but still close to all its bars, restaurants and amenities. The townhouses are built on 3 levels plus an underground car park space. As you walk in these homes, on entrance level you have an American style kitchen connected by a window to the living/dining room with access to a terrace looking straight to the pool and communal areas all in natural surroundings, there is a guest toilet for this floor and fitted wardrobes. From the living room, you have access to the underground car park space and you can as well go from the garages to the pool without having to go through the houses. On the first level, you will find 2 ample bedrooms both of them with en-suite bathrooms and on the top floor the master bedroom with a balcony looking as well to the pool area and with its own en-suite bathroom and dressing area. These homes are equipped with air conditioning with independent controls per floor, and fully fitted kitchens. Depending on the location of the Townhouse you have morning sun being east-facing or sun all day being south-facing. Low maintenance fee properties with great rental potential.

Features:

Pool, Air conditioning, Mountain views, Private garden, Parking, Holiday Home, Investment, Resale
