Overview: Each of our four guest rooms is uniquely designed, the master bedroom and accompanying bathroom of the villa are located on the ground floor, with direct access to the garden and lightened infinity swimming pool. The ground floor also contains a wide living-room connected to an open kitchen. Guests can enjoy a south-facing terrace, lounge area with sea and mountain views and infinity pool, as well as a covered patio with a dining table, BBQ and a chill-out zone facing north. As a result, there is always a place where to enjoy the sun and breeze and one to rest in the shade. The villa nearly combines a minimalistic and modern design with well-considered decorative pieces, collected during worldwide journeys, resulting in a tasteful whole and a cosy atmosphere □ This villa is built on an exquisite location in Marbella, on a hill right above the local village Elviria. It is within a 15 minutes drive away from multiple beaches, golf clubs, shopping malls and large ports like Puerto Banus.
