Описание: This is a semidetached villa in a gated urbanisation frontline golf to La Quinta. The property is very special in that it is 3 times larger than the other townhouses next to it. It has a private plot of 600 m2 with a private swimmingpool and a lovely garden. There are extensive terraces on the ground floor, outside the bedrooms on the first floor and also a large roof terrace with stunning sea views. All the rooms in the house are exceptionally big, and although it currently has two bedrooms this can easily be converted to 3 or more bedrooms. An ideal project for someone who wants to renovate and modernize, although the property is completely liveable as it is today. Great opportunity for great living and peace.
