Описание: This villa is inspired by the beauty of its natural environment. Located in one of the most sought after residential areas on the Costa del Sol with the proximity of all kinds of services and amenities. The most interesting thing about this villa is its innovative architecture which provides and guarantees the best views through a built in platform design. The house will be constructed at the top of the platform on one level to enjoy spectacular views of the sea from every corner, including the pool area. The villa offers spacious terraces both covered and uncovered on several levels and a the roof top affording the best views of the coast. TRUE RELAXATION The interior of the house has been designed to be fluid and continuous. Designed with different living zones for day and afternoon light according to the sun exposure. Our in-house interior designers will work together with you to find the best choices in furniture and finishes.
