Описание:Duplex penthouse with 78 m2 terrace surface, 166 m2 built surface, golf views, 2 underground parking spaces, storage, fire place, 2 communal pools and very nice gardens. This penthouse is pretty bright and it has many windows and double height ceiling in the living room. The kitchen is being installed now so it will be completely new. This complex is located within walking distance to San Pedro, the Golf Club House and the Commercial Center. It is very close to a nice country side area which is fantastic to walk the dogs!!. The communal gardens are well dimensioned for the number of properties, which is 50, but another 20.000 m2 garden is going to be added shortly.
